To whom it may concern

I have known Bailey for approx. 14 years and during that time I have found Bailey to be conscientious and a polite, honest young man.

Over the years Bailey has worked for us in the school holidays whilst at high School, in the workshop doing a variety of duties. He has continued to work for us when available, during this his first university year.

We would not hesitate to provide any further reference required for and on his behalf

If you require any further information, please do not hesitate to contact me

Yours sincerely
